## President's Report Cont'd

2. We should consider purchasing a side cutter.

➤ Brian said he had come across a deal on a side cutter which was reg. \$1300 and on sale including taxes for \$900. Motion: Peter Robinson put forth a motion to purchase this side cutter for the club. The motion past 1<sup>st</sup> Harry Johnson, 2<sup>nd</sup> Mark Urban. 19 for and 1 opposed. John Artuso was not sure about using two pieces of equipment (and maintaining them at the field). Following the meeting Blair phoned four other members to discuss this purchase and all were in favour.

➤ Brian asked for nominations for pilots of the year and the Leno Sanvido awards. Please contact Brian with your nominations.

➤ Brian said the budget for next year will be presented at the next meeting. There will be no increase to the membership.

➤ Jeff Peuker will present the Treasurer report next meeting.

➤ Blair mentioned that Graeme Mears is going to bring his very scale "Super Cub" to our field on Saturday Sept. 25/10 at noon, for a show and tell. All are invited and there will be guests there from other clubs to see this model. If all is well Sandro will fly it. We will have a BBQ lunch for everyone served at noon. The rain date is Sunday at noon.

## President's Report Con't

- Leon Lewis reported that Tony Cabral is looking into getting the club a self calibrating DB meter. This is so we can monitor the noise of our models. We are not singling out any one person we just want a record in case we get a complaint we can report that we are monitoring the models.
- Brian asked members to suggest topics for presentations at our meeting: R.C basics, Harry Johnson, Theory of Flight=Nathan
- Mark Urban said he would provide the model for the blindfold fuselage obstacle and course event at the next fun fly. Blair and his partner Alana won the event this year.

## Presentation

- Tony Cabral put on a slideshow of the clubs events so far this year: Wingham Jets, Kitchener Airshow. Very well done and enjoyed by all.
- The meeting adjourned at 8:40.
